## Seamac PCT® Biostimulant

|         |                |             |                                 |
|---------|----------------|-------------|---------------------------------|
| Version | Revision Date: | SDS Number: | Date of last issue: -           |
| 1.0     | 04.02.2026     | 50001143    | Date of first issue: 04.02.2026 |

---

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1 Product identifier

**Product name** Seamac PCT® Biostimulant

**Other means of identification**

**Product code** 50001143

#### 1.2 Relevant identified uses of the substance or mixture and uses advised against

Use of the Sub- : Crop nutrition  
stance/Mixture

Recommended restrictions : Use as recommended by the label.  
on use

#### 1.3 Details of the supplier of the safety data sheet

**Supplier Address** FMC Agricultural Solutions A/S  
Thyborønvej 78  
DK-7673 Harbøre  
Denmark  
  
Telephone: +45 9690 9690  
Telefax: +45 9690 9691  
E-mail address: SDS-Info@fmc.com .

#### 1.4 Emergency telephone number

For leak, fire, spill or accident emergencies, call:  
1 703 / 741-5970 (CHEMTREC - International)  
1 703 / 527-3887 (CHEMTREC - Alternate)  
1 202 / 483-7616 (CHEMTREC - Alternate International)

Medical emergency:  
+1 651 / 632-6793 (outside USA & Canada, collect call)

---

### SECTION 2: Hazards identification

#### 2.1 Classification of the substance or mixture

**Classification (REGULATION (EC) No 1272/2008)**

Not a hazardous substance or mixture.

#### 2.2 Label elements

**Additional Labelling**

# SAFETY DATA SHEET

## Seamac PCT® Biostimulant

|                |                              |                         |                                                          |
|----------------|------------------------------|-------------------------|----------------------------------------------------------|
| Version<br>1.0 | Revision Date:<br>04.02.2026 | SDS Number:<br>50001143 | Date of last issue: -<br>Date of first issue: 04.02.2026 |
|----------------|------------------------------|-------------------------|----------------------------------------------------------|

EUH208 Contains 1,2-benzisothiazol-3(2H)-one. May produce an allergic reaction.

To avoid risks to human health and the environment, please comply with the recommended use instructions of this fertilising product.

### 2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

## SECTION 3: Composition/information on ingredients

### 3.2 Mixtures

#### Components

For explanation of abbreviations see section 16.

## SECTION 4: First aid measures

### 4.1 Description of first aid measures

General advice : Do not leave the victim unattended.

Protection of first-aiders : First Aid responders should pay attention to self-protection and use the recommended protective clothing  
Avoid inhalation, ingestion and contact with skin and eyes.

## Seamac PCT® Biostimulant

|         |                |             |                                 |
|---------|----------------|-------------|---------------------------------|
| Version | Revision Date: | SDS Number: | Date of last issue: -           |
| 1.0     | 04.02.2026     | 50001143    | Date of first issue: 04.02.2026 |

If potential for exposure exists refer to Section 8 for specific personal protective equipment.

- If inhaled : Move to fresh air.  
If unconscious, place in recovery position and seek medical advice.  
If symptoms persist, call a physician.  
If experiencing any discomfort, immediately remove from exposure. Light cases: Keep person under surveillance. Get medical attention immediately if symptoms develop. Serious cases: Get medical attention immediately or call for an ambulance.
- In case of skin contact : Take off all contaminated clothing immediately.  
Wash off immediately with soap and plenty of water.  
Get medical attention if irritation develops and persists.
- In case of eye contact : Remove contact lenses.  
Protect unharmed eye.  
If eye irritation persists, consult a specialist.
- If swallowed : Do not induce vomiting without medical advice.  
Keep respiratory tract clear.  
Do not give milk or alcoholic beverages.  
Never give anything by mouth to an unconscious person.  
If symptoms persist, call a physician.

**4.2 Most important symptoms and effects, both acute and delayed**

None known.

**4.3 Indication of any immediate medical attention and special treatment needed**

Treatment : Treat symptomatically.

**SECTION 5: Firefighting measures****5.1 Extinguishing media**

- Suitable extinguishing media : Dry chemical, CO<sub>2</sub>, water spray or regular foam.  
Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
- Unsuitable extinguishing media : High volume water jet  
Do not spread spilled material with high-pressure water streams.

**5.2 Special hazards arising from the substance or mixture**

- Specific hazards during fire-fighting : Do not allow run-off from fire fighting to enter drains or water courses.
- Hazardous combustion products : No hazardous combustion products are known

**Seamac PCT® Biostimulant**

|         |                |             |                                 |
|---------|----------------|-------------|---------------------------------|
| Version | Revision Date: | SDS Number: | Date of last issue: -           |
| 1.0     | 04.02.2026     | 50001143    | Date of first issue: 04.02.2026 |

---

**5.3 Advice for firefighters**

- Special protective equipment for firefighters : Firefighters should wear protective clothing and self-contained breathing apparatus.
- Further information : Collect contaminated fire extinguishing water separately. This must not be discharged into drains.  
Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations.
- 

**SECTION 6: Accidental release measures****6.1 Personal precautions, protective equipment and emergency procedures**

- Personal precautions : Use personal protective equipment.  
Ensure adequate ventilation.  
If it can be safely done, stop the leak.  
Do not touch or walk through the spilled material.  
Never return spills in original containers for re-use.  
Mark the contaminated area with signs and prevent access to unauthorized personnel.  
Only qualified personnel equipped with suitable protective equipment may intervene.  
For disposal considerations see section 13.

**6.2 Environmental precautions**

- Environmental precautions : Prevent product from entering drains.  
If the product contaminates rivers and lakes or drains inform respective authorities.

**6.3 Methods and material for containment and cleaning up**

- Methods for cleaning up : Wipe up with absorbent material (e.g. cloth, fleece).  
Keep in suitable, closed containers for disposal.

**6.4 Reference to other sections**

See sections: 7, 8, 11, 12 and 13.

---

**SECTION 7: Handling and storage****7.1 Precautions for safe handling**

- Advice on safe handling : For personal protection see section 8.  
Smoking, eating and drinking should be prohibited in the application area.
- Advice on protection against fire and explosion : Normal measures for preventive fire protection.
- Hygiene measures : General industrial hygiene practice.
-

## Seamac PCT® Biostimulant

|         |                |             |                                 |
|---------|----------------|-------------|---------------------------------|
| Version | Revision Date: | SDS Number: | Date of last issue: -           |
| 1.0     | 04.02.2026     | 50001143    | Date of first issue: 04.02.2026 |

**7.2 Conditions for safe storage, including any incompatibilities**

Requirements for storage areas and containers : Containers which are opened must be carefully resealed and kept upright to prevent leakage. Electrical installations / working materials must comply with the technological safety standards.

Advice on common storage : No materials to be especially mentioned.

Further information on storage stability : No decomposition if stored and applied as directed.

**7.3 Specific end use(s)**

Specific use(s) : Crop nutrition

**SECTION 8: Exposure controls/personal protection****8.1 Control parameters****Occupational Exposure Limits**

Contains no substances with occupational exposure limit values.

**Derived No Effect Level (DNEL) according to Regulation (EC) No. 1907/2006**

| Substance name               | End Use   | Exposure routes | Potential health effects   | Value                  |
|------------------------------|-----------|-----------------|----------------------------|------------------------|
| 1,2-benzisothiazol-3(2H)-one | Workers   | Inhalation      | Long-term systemic effects | 6,81 mg/m <sup>3</sup> |
|                              | Workers   | Dermal          | Long-term systemic effects | 0,966 mg/kg            |
|                              | Consumers | Inhalation      | Long-term systemic effects | 1,2 mg/m <sup>3</sup>  |
|                              | Consumers | Dermal          | Long-term systemic effects | 0,345 mg/kg            |

**Predicted No Effect Concentration (PNEC) according to Regulation (EC) No. 1907/2006**

| Substance name               | Environmental Compartment | Value         |
|------------------------------|---------------------------|---------------|
| 1,2-benzisothiazol-3(2H)-one | Fresh water               | 0,00403 mg/l  |
|                              | Marine water              | 0,000403 mg/l |
|                              | Sewage treatment plant    | 1,03 mg/l     |
|                              | Fresh water sediment      | 0,0499 mg/l   |
|                              | Marine sediment           | 0,00499 mg/l  |

**8.2 Exposure controls****Personal protective equipment**

Eye/face protection : Safety glasses

**Hand protection**

Material : Wear chemical resistant gloves, such as barrier laminate, butyl rubber or nitrile rubber.

Skin and body protection : Protective suit

Acute dermal toxicity : LD50 (Rat, male and female): > 2.000 mg/kg  
Method: OECD Test Guideline 402  
Assessment: The substance or mixture has no acute dermal toxicity

### Skin corrosion/irritation

Based on available data, the classification criteria are not met.

#### Product:

Remarks : No data available

#### Components:

##### 1,2-benzisothiazol-3(2H)-one:

Species : Rabbit  
Exposure time : 72 h  
Method : OECD Test Guideline 404  
Result : No skin irritation

### Serious eye damage/eye irritation

Based on available data, the classification criteria are not met.

#### Product:

Remarks : No data available

#### Components:

##### 1,2-benzisothiazol-3(2H)-one:

Species : Bovine cornea  
Method : OECD Test Guideline 437  
Result : No eye irritation

Species : Rabbit  
Method : EPA OPP 81-4  
Result : Irreversible effects on the eye

### Respiratory or skin sensitisation

#### Skin sensitisation

Based on available data, the classification criteria are not met.

#### Respiratory sensitisation

Based on available data, the classification criteria are not met.

#### Product:

Remarks : No data available

#### Components:

##### 1,2-benzisothiazol-3(2H)-one:

## Seamac PCT® Biostimulant

|         |                |             |                                 |

---

**Components:****1,2-benzisothiazol-3(2H)-one:**

Effects on fertility : Species: Rat, male  
Application Route: Ingestion  
General Toxicity - Parent: NOAEL: 18,5 mg/kg body weight  
General Toxicity F1: NOAEL: 48 mg/kg body weight  
Fertility: NOAEL: 112 mg/kg bw/day  
Symptoms: No effects on reproduction parameters  
Method: OPPTS 870.3800  
Result: negative

Reproductive toxicity - Assessment : Weight of evidence does not support classification for reproductive toxicity

**STOT - single exposure**

Based on available data, the classification criteria are not met.

**STOT - repeated exposure**

Based on available data, the classification criteria are not met.

**Components:****1,2-benzisothiazol-3(2H)-one:**

Assessment : The substance or mixture is not classified as specific target organ toxicant, repeated exposure.

**Repeated dose toxicity****Components:****1,2-benzisothiazol-3(2H)-one:**

Species : Rat, male and female  
NOAEL : 15 mg/kg  
Application Route : Ingestion  
Exposure time : 28 d  
Method : OECD Test Guideline 407  
Symptoms : Irritation

Species : Rat, male and female  
NOAEL : 69 mg/kg  
Application Route : Ingestion  
Exposure time : 90 d  
Symptoms : Irritation, Reduced body weight

**Aspiration toxicity**

Based on available data, the classification criteria are not met.

**Further information****Product:**

Remarks : No data available

# SAFETY DATA SHEET

## Seamac PCT® Biostimulant

|         |                |             |                                 |
|---------|----------------|-------------|---------------------------------|
| Version | Revision Date: | SDS Number: | Date of last issue: -           |
| 1.0     | 04.02.2026     | 50001143    | Date of first issue: 04.02.2026 |

---

**IATA (Cargo)** : Not regulated as a dangerous good

**IATA (Passenger)** : Not regulated as a dangerous good

### 14.5 Environmental hazards

Not regulated as a dangerous good

### 14.6 Special precautions for user

Remarks : Not classified as dangerous in the meaning of transport regulations.

### 14.7 Transport in bulk according to Annex II of Marpol and the IBC Code

Not applicable for product as supplied.

---

## SECTION 15: Regulatory information

### 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

#### The components of this product are reported in the following inventories:

|       |                                                               |
|-------|---------------------------------------------------------------|
| TCSI  | : On the inventory, or in compliance with the inventory       |
| TSCA  | : Product contains substance(s) not listed on TSCA inventory. |
| AIIC  | : On the inventory, or in compliance with the inventory       |
| DSL   | : All components of this product are on the Canadian DSL      |
| ENCS  | : Not in compliance with the inventory                        |
| ISHL  | : Not in compliance with the inventory                        |
| KECI  | : Not in compliance with the inventory                        |
| PICCS | : Not in compliance with the inventory                        |
| IECSC | : Not in compliance with the inventory                        |
| NZIoC | : On the inventory, or in compliance with the inventory       |
| TECI  | : Not in compliance with the inventory                        |

### 15.2 Chemical safety assessment

A chemical safety assessment is not required for this product (mixture).

## Seamac PCT® Biostimulant

|         |                |             |                                 |
|---------|----------------|-------------|---------------------------------|
| Version | Revision Date: | SDS Number: | Date of last issue: -           |
| 1.0     | 04.02.2026     | 50001143    | Date of first issue: 04.02.2026 |

**SECTION 16: Other information****Full text of H-Statements**

|      |                                                         |
|------|---------------------------------------------------------|
| H302 | : Harmful if swallowed.                                 |
| H315 | : Causes skin irritation.                               |
| H317 | : May cause an allergic skin reaction.                  |
| H318 | : Causes serious eye damage.                            |
| H330 | : Fatal if inhaled.                                     |
| H400 | : Very toxic to aquatic life.                           |
| H410 | : Very toxic to aquatic life with long lasting effects. |
